AUDIT OBJECTIVE, SCOPE, AND METHODOLOGY

The primary focus of this review was to provide the Juvenile Court with reasonable assurance, based on the testing performed, on the adequacy of the system of management control currently in effect for the audit areas.

Management controls include the processes for planning, organizing, directing, and controlling program operations, including systems for measuring, reporting, and monitoring performance. Management is responsible for establishing and maintaining effective controls that, in general, include the plan of organization, as well as methods and procedures to ensure that goals are met. Specific audit objectives include evaluating the policies, procedures, and internal controls related to the Juvenile Court.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Based on the results of our review, we prepared specific issues and recommendations for improvement that were discussed with management. These recommendations, as well as management’s unaltered written response, can be found in the following sections of this report.

Objectives:

- To review the segregated account internal control structure through employee interviews and observations.
- To ensure IRS Form 1099s are processed according to IRS regulations.

Scope:

An overview and evaluation of the existing policies, processes, procedures, contracts and internal control structure utilized by the Juvenile Court from January 1, 2016 through December 31, 2016.

DETAILED COMMENTS

I. Segregated Account Internal Control Testing:

Policies and procedures and applicable legislation were reviewed, staff interviews were conducted, and a flowchart was created and approved to gain an understanding of laws and regulations, deposit and expenditure processes, and internal controls in place for the Guardian Ad Litem Checking Account.

Samples of deposits and expenditures were judgmentally selected for detail testing to ensure adequate support was maintained, a PEDACKN (Independent Contractor Acknowledgement) form was completed if the vendor was an independent contractor, activity was in compliance with rules and regulations and proper approval was obtained/documented. In addition, bank reconciliations were selected for detail testing to ensure a bank reconciliation was performed each month and a supervisor review was performed and documented.

No issues were noted.

II. IRS Form 1099 Process:

Staff interviews were conducted to gain an understanding of the IRS Form 1099 (1099) process. IAD noted that Juvenile Court maintains a Banner account that is used to issue payment to vendors that would require issuance of a Form 1099. Vendor disbursements from this account are captured during the annual 1099 distribution performed by the Summit County Fiscal Office.

No issues were noted.
